

OFFICE OF THE DIRECTOR GENERAL OF POLICE
MEGHALAYA :: SHILLONG

PRESS RELEASE

Dated Shillong the 4th November 2012

The Central Recruitment Board will ensure complete transparency in the recruitment process which will start from 26th Nov 2012 and continue till mid December 2012 in 1st MLP Battalion and in 2nd MLP Battalion for the Physical measurements Tests(PMT) in respect of height and Physical Efficiency Tests (PET) of 10 kms race for male candidates and 5.5 kms for female candidates. We had started the trend of transparency in recruitment process during last UBSI recruitment.

Due to overwhelming number of aspiring candidates another 65,000 number of application forms are expected to reach in a week's time to ensure that all candidates get the forms before the last date i.e. 15th November 2012. The Board wants to ensure that all aspiring candidates do not go disappointed for lack of forms. Each candidate will be allotted a date of PMT and PET.

We will need your support as we intend to ensure that there is no outside influence and no manipulation by any official. The daily performance will be uploaded to the Meghalaya police website www.megpolice.gov.in and notice boards so that all candidates know their performance right from the stage of Race, Written tests and Personal Interviews.

You can email any query to centralrecruitmentboard@gmail.com or bishondro@gmail.com if there is any doubt on the recruitment process or confidential information relating to the recruitment process at any stage.

For information of candidates the dates of the written tests and of the personal interviews will be intimated later after completion of Physical Efficiency Tests i.e. RACE.
