D.O. No. S-341/DD&DM/CCTNS/2012-14/411

Dated : Shillong, the 19th March, 2014.

Sub : **Implementation of CCTNS in Districts.**

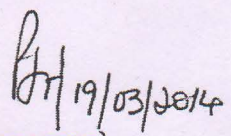

The CCTNS Project is nearing completion, but there are certain areas in the implementation of the Project that need your focus and attention. One such area is Data Digitization. Despite a number of reminders sent to you for furnishing details of FIR counts in the Format, no reply has been received from you. This has impeded the progress of Data Digitization, which will be undertaken by the System Integrator (SI) in your district.

Capacity Building is another important aspect of the CCTNS Project for enabling and sensitizing our officers and men to make them computer literate and sensitize them on the Core Application Software (CAS) so that police station officers and staff do not find it difficult to operate the CAS. There are other training programmes, which are conducted by the System Integrator. However, it is regretted that inadequate number of officers and men are being nominated to the training, resulting in System Integrator cancelling the training on a couple of occasions.

As the District Superintendent of Police and also as the head of District Mission Team (DMT) of CCTNS, it is your primary responsibility to ensure that the Project in all its aspects is successfully implemented in your district in public interest.

Needless to say, one of the benchmarks of your performance will be vis-à-vis the level of success your district achieves in the implementation of the CCTNS Project.

Yours

(P.J.P.Hanaman)
